

Tucson Educational Policy Committee Statement on the Sequential Order of Blocks

Approved by TEPC 8/23/2011

Rationale: The curriculum in Years I and II at the COM - Tucson is developmental. Care is taken to place blocks at the appropriate time in the curriculum, and CBIs, TLs, and exam questions are made progressively challenging through the curriculum. Therefore, it is important that students complete the curricular blocks in sequential order.

Policy

Students in the Tucson track must complete the curricular blocks of Years I and II in the normal sequential order. Students may be enrolled in only one block at a time.

Approved by TEPC on Aug. 23, 2011, by E-mail vote. Will take effect immediately following approval by EPC.
