**Turn the Scanner OFF while cleaning the following locations**

**Using F1 Impregnated Cleaning Wipes**

1. **Pad Assy**
   - Wipe downwards. When cleaning take care to prevent the cleaning wipe from catching on the metal parts.

2. **ADF Glass Surfaces x 2**
   - Located on the ADF cover and opposite side. Clean lightly.

3. **Pick Roller**
   - Clean lightly taking care not to scratch the surface.

4. **Plastic Rollers x 4**
   - Clean lightly while rotating with your finger. Take care not to roughen the surface.
Turn the Scanner ON while cleaning the following locations

Using F1 Impregnated Cleaning Wipes

To rotate the Feed and Eject Rollers, press the POWER button while holding down the SCAN button. As a guideline, six presses of the POWER button makes the rollers rotate one full turn.

While holding down the SCAN button ①
Press the POWER button ②
Each press of the POWER button will cause the rollers to rotate

5 Feed Rollers x 4
