The COM-Tucson AP&T Committee reviews all promotions, tenure track appointments, mid-cycle reviews, sabbatical requests and non-tenure track appointments for Associate and Professor Rank.

28 INITIAL APPOINTMENTS

	<u>Tenure Track</u>		<u>Career Track or Non-Tenure</u>
6	Tenure Eligible	6	Clinical Scholar Track
3	Tenured	16	Clinical Series
		2	Research Series

45 PROMOTION & TENURE CASES

14	Tenure Track
31	Career Track & Non-Tenure Track

15 OTHER FACULTY ACTIONS

2	Sabbatical leave requests
9	Mid-cycle reviews
4	Transfers to the Tenure Track

POST-TENURE REVIEW

- One hundred sixty-three (163) tenured faculty received annual reviews; the COM AP&T Committee reviewed 22 post-tenure review packets of the tenured faculty.

OTHER ACTIVITIES

- Clinical Promotion Dossier: The AP&T Committee reviewed and provided feedback for the creation of the Clinical Promotion Dossier for Clinical Scholar & Clinical Series faculty.
- AP&T Retreat: The Dean hosted an AP&T Committee retreat in March to review and discuss College of Medicine Clinical titles, the Clinical Portfolio section of the new Clinical Dossier and P&T Guidelines at the College and Department level. Several recommendations for items in the Clinical Portfolio section were made and approved by the Dean. Also, each department is strongly encouraged to formalize specific department criteria for all tracks and paths so faculty have clear expectations for promotion.
