Dear Students,

It has come to my attention that Prometric sent out an email they are closing their test sites. Unfortunately despite our due diligence to get ahead of this, Prometric did not give us fore warning. We have been doing everything possible to ensure you can take your exams.

I have asked Prometric if there is any way possible we can continue services. This is a complicated situation, since we do not control the servers the exams are administrated through. It may not be possible. If in the event, and that is possible, that is a big IF we will be operating at minimal capacity.

Please keep in tuned.

I am extremely regretful,

Athena R. Ganchorre, Ph.D.
