

FAQ: Tuition Refund Policy for MD Students

Below are some frequently asked questions to guide you through the [Tuition and Fees Refund Policy](#) for medical school students.

Q: Will I receive a refund if I completely withdraw from medical school?

A: According to COM-T policy, you are eligible for a refund if you withdraw by a certain date, which varies each semester. Please refer to this [Academic Calendar](#) for specific dates for refunds.

Q: What is the deadline to receive a full refund?

A: We use the formula provided by the University registrar to calculate the drop dates, which establish the full refund dates for our medical students. A 100% refund is available if you withdraw by the date published in the academic calendar. For specific dates, please visit this [Academic Calendar](#).

Q: Does the COM-T have a prorated tuition refund option?

A: In semesters that begin with a 1-unit course, a prorated tuition refund may be possible. For example, in Semester 1, "Orientation Week" (also known as "Introduction to the Profession") is a one-unit course. If a student completes only one of these one-unit courses (either "Orientation Week" in Semester 1 or a 4th-year elective) and subsequently withdraws completely from UACOM-T, they will be billed for that specific one-unit course. However, they may qualify for a prorated refund if they drop all their remaining courses by the drop date for that semester.

Q: How can I find the withdrawal/refund deadlines?

A: The dates are provided for our medical students in our [Academic Calendar](#).

In addition, you can review these dates on the University Registrar website.
