

# Pediatrics Monthly Newsletter

January 2026

For those I haven't yet had the pleasure of meeting, I serve as the Assistant Administrator for the Department of Pediatrics and recently celebrated my one-year anniversary with the department. This past year has brought significant learning, relationship-building, and growth. It truly takes about a year to understand a department's strengths and uncover meaningful opportunities for improvement, and I'm grateful for the insights gained.

Our greatest resource is our team—the staff who show up each day ready to do their best work. Teamwork, resilience, and adaptability have been evident throughout the year, and I am honored to work alongside such dedicated colleagues.

Over the past year, we reviewed our processes to reinforce best practices and identify areas for improvement. Using tools like KAIZEN and process mapping, our frontline staff helped discover more efficient ways to complete daily tasks. Our team also created the Rewards and Recognition Program, improved communication efforts, and launched this monthly newsletter—small but meaningful steps toward strengthening our work culture.

We have also navigated a long period of transition, including staffing changes in key positions. With new leadership arriving, change continues to shape our path forward. I remain committed to supporting the department and am always willing to lend an ear whenever needed. With sincere gratitude for the opportunity to be part of this department, I wish you a wonderful start to the year and look forward to the exciting times ahead.

I want to express my appreciation to the finance team (Leisa, Carlene, Crystal, and Donna); the administrative support team (Casey, Cindy, and Dayana); the GME team (Lindsay, Michelle, and Elizabeth); the development support team (Katie, Lori, and our newest member, Claudia); the Banner OC team and Supervisor/Analyst (Diane, Rachael C., Edna, Rachael H., and Annie); and finally, to my partners in crime—Lori S., Theresa A., and Ericka. I am grateful for the knowledge, patience, and friendship each of you has shared.

*Get to know Claudia:*

1. What's a rare talent/something you do well?
  - a. I easily adapt to my environment and to those around me.
2. What you enjoy doing most?
  - b. I enjoy watching old re-run shows, thrifting is my therapy and so is dance!
3. What drew you to Tucson, AZ or the University of Arizona?
  - a. My husband, two kids, and I moved to Tucson in 2015 in search of better education. We have many Wildcats in our family! I've always wondered what it would be like to work in a prestigious university like UA and here I am!
4. Anything else you may want to share?
  - a. I love to meet new people and make connections.
