Dear Students:

In addition to the UAHS Library being closed, the College of Medicine –Tucson classrooms will be locked down as follows:

- MDLs 3113, 3114, 3115, 3116 are on lock down now.
- Lecture Halls 2117 and 3117 will be locked down starting today 6:00 p.m.
- Third Floor Learning Center entry will be locked down starting today 6:00 p.m. (small TLC classrooms)
- Should students be in these areas before this lockdown remember to collect all items before exiting as they will not be accessible even with cat card.
- The building entrances are already effectively locked down and students in the building now will not be able to return even with cat card.

Thank you for your patience during this time.

Sonia B. de Leon, MEd
