Endocrinology, Diabetes & Metabolism Didactic Series

Sponsored for CME by The University of Arizona College of Medicine - Tucson

Karen Herbst, MD, PhD
Associate Professor,
Departments Medicine, Pharmacy and Medical Imaging

“Subcutaneous Adipose Tissue (SAT) Disorders."

VA (Bldg. 2, 4th Floor Conference Room)
Tuesday, 7/31/18, 1:30-3:30

Outcome Objectives:
1.) Recognize different types of fat including stiff and compliant fat that may contain hypertrophic fat cells.
2.) Distinguish lipedema from Dercum disease and other fat disorders.
3.) Recognize lymphedema as a comorbidity of obesity and fat disorders.
4.) Predict which people with fat disorders are at risk for diabetes.

Accreditation Statement:
The University of Arizona College of Medicine - Tucson is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Arizona College of Medicine - Tucson designates this live activity for a maximum of 2.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement(s):
All Faculty, CME Planning Committee Members, and the CME Office Reviewers have disclosed that they have no financial relationships with commercial interests that would constitute a conflict of interest concerning this CME activity.
