Office of Graduate Medical Education
1501 N. Campbell Ave., Room 2233
Tucson, AZ 85724
520.626.7878 office
520.626.0090 fax

The University of Arizona College of Medicine's Office of Graduate Medical Education seeks to identify residents who have a proven track record of excellence and who demonstrate potential in becoming future leaders in their chosen field.

In order to further the careers of these resident physicians, the GME Office will provide support to promote career-enhancing opportunities and experiences during their residency training.

Funding may support the pursuit of an original research proposal (particularly if done in collaboration with a faculty mentor); participation at a national conference, leadership or advocacy training, or a unique elective experience.

Selection Process

Selection will be based on:

- Strength of Letter (Nomination) of Support by Program Director.
- Potential of the proposal to directly and positively impact success of resident's career.
- Quality and feasibility (including cost and timely completion) of proposal.
- Plan for dissemination of results/"lessons learned" upon completion of experience.
- Residents in their final year of training and Fellows are not eligible.
